

# PRODUCT LIST 2023-2024

## OXIDIZERS

### Sodium Permanganate

40% & 20% solutions

*Custom blended solutions of 5-15% in IBC totes and bulk tankers*

### Potassium Permanganate

97.5% dry granular crystals

99% technical grade dry granular crystals

*Custom blended solutions of 1-5% in IBC totes and bulk tankers*

### Hydrogen Peroxide

32-34% solution

*Available in totes or bulk tankers*

### Sodium Persulfate

*25 kg/55.115 lb bags*

### Calcium Peroxide

*25 kg/55.115 lb bags*

## CUSTOM BLENDING

CAP Remediation provides custom blended solutions for our permanganate products, eliminating the need for on-site mixing and reducing many health and safety concerns that come with mixing oxidizers on site.

Custom blended solutions can be delivered via totes or bulk tankers. The solutions can be loaded into on-site storage tanks for ease of use in injections or unloaded directly from the bulk tanker.

## IN SITU CHEMICAL REDUCTION

### Zero Valent Iron (ZVI)

Grades from coarse to micron scale

*Available in bulk bags or drums*

### Emulsified Zero Valent Iron (eZVI)

*Available in totes or drums*

## ADDITIONAL REMEDICATION PRODUCTS

Granulated Activated Carbon

Sodium hydroxide

Sodium bicarbonate

Magnesium chloride

Manganese chloride

Ferric Chloride

Ferric Sulfate

Calcium hypochlorite

Acetic acid

Citric acid

Hydrochloric Acid

Lime

## BIOREMEDIATION

Emulsified Vegetable Oil (EVO)

Sodium Lactate

Dehalococcoides Inoculum (DHC)
